DIPLOMA OF QUALITY AUDITING

EMPOWERING EXCELLENCE IN AVIATION AND BEYOND

Embark on your journey to becoming a leader in quality auditing with the BSB50920 Diploma of Quality Auditing. This nationally recognised program is designed to elevate your knowledge and support you to improve your organisation's systems and processes. You'll learn the most up-to-date practices and gain skills that matter in the real world.

We focus on your personal growth, helping you to think smarter and approach problems creatively. You'll acquire the knowledge and tools you need to be confident and effective in your role. The Diploma program covers everything from maintaining safety to promoting a culture of excellence, so you'll be ready to face any challenge.

Southpac Aerospace is all about preparing you to be a leader who doesn't just follow existing quality systems but improves them. We emphasise learning by doing, which means you'll have plenty of chances to apply what you learn in practical situations. By the end of the Diploma of Quality Auditing, you'll not only meet the industry's demands but also have the ability to set new benchmarks for quality and improvement.

Get started on a path that not only advances your career but also makes a real difference in how organisations operate. Join us in turning your ambition into achievement.

SHAPE YOUR FUTURE WITH SOUTHPAC AEROSPACE

Embark on a journey to excellence and leadership in quality auditing with Southpac Aerospace. Equip yourself for a successful career with roles such as:

- Lead Auditor
- Internal Auditor
- Quality Assurance Manager
- Quality Assurance Coordinator

The Diploma of Quality Auditing includes the **BSBSS00128 Lead Auditor Skill Set**. Certain skill sets can compliment your Diploma qualifications and are highly regarded by industry.

These industry-recognised skill set components could be used as a valuable add-on to your existing qualification or even as a pathway to your career in the Aviation Safety Management space.

This qualification is aligned with the Australian Qualification Framework. The AQF ensures consistency and national recognition of each qualification. The Diploma of Quality Auditing qualification is a level 5 of the 10 levels in the AQF framework. Therefore, this Diploma satisfies pathways to higher education training.

Your future in quality starts here.

With Southpac Aerospace, you're not just gaining a diploma; you're unlocking a world of opportunities.

PREREQUISITES & ENTRY REQUIREMENTS

There are no prerequisites for this Diploma.

START DATES & COSTS

You can start the Diploma of Quality Auditing at any time by enrolling in any available course date for a course that contributes to the Diploma. Courses do not need to be completed in a particular order.

The cost of the Diploma of Quality Auditing will vary depending on the courses you choose to make up the 12 units of competency needed to achieve the Diploma. This depends on the individual pathway you choose based on your study needs or areas of interest, or any previous courses you have attended with Southpac or another training provider, provided the correct units of competency have been achieved.

Payment is not taken as part of the course enrolment process, however an invoice will be issued to you on enrolment, so it is important that you have the necessary approvals to complete a course before enrolling.

DELIVERY & ASSESSMENT

The Diploma of Quality Auditing can be completed through public courses facilitated in our Live Learning Virtual Classroom, or Face-to-Face. Training and assessments are competency-based. Examinations are conducted through open-book and both theory and practical exercises. Participants are required to attend all units, workshop-based classes and activities – in full. Any additional activities and modalities are designed to improve the applicability to industry and work.

WHY SOUTHPAC AEROSPACE?

Specialists in Aviation Safety & Quality

Each of our courses is delivered by a professional with vast aviation experience to ensure you receive current, relevant and informative training that will benefit both yourself and your organisation.

ABOVE & BEYOND

The quality of our training is second to none. However we also pride ourselves on our level of service – providing flexible, valuable and timely support to our students and clients.

STEPPING STONE APPROACH

Southpac offers three unique but interconnected Diplomas to enhance and improve your career opportunities. By completing the Diploma of Leadership & Management (12 units), you can use several of these units towards the Diploma of Quality Auditing (12 units), which can be completed with just one more Southpac course. These units also contribute to the Diploma of Aviation (Aviation Management) which requires 24 units of competency. By completing these Diplomas with Southpac, you can gain more qualifications in less time.
